

DORO® SERVICE REMINDER

Keep your DORO® products in great condition & ensure a smooth workflow during neurosurgery.

Optimal performance of medical devices is essential. This is why regular maintenance and annual, professional inspections are important.

The DORO® Service Reminder helps you to keep track on upcoming inspections, informing you in time when your products are due. DORO® products can now be registered for this free tool.

The registration form can be found on our website in the main menu under *Services*. Or simply click on the link below.
